

Sustainable Water
Integrated Management (SWIM) -
Support Mechanism

Project funded by
the European Union

Water is too precious to waste

COMPILATION AND DIFFUSION OF SUCCESS STORIES

**3rd SWIM Coordination Meeting
Athens, 11 November 2013**

DOCUMENTATION OF SUCCESS STORIES AND “SOLUTIONS”

“Solutions” is an approach for contextualizing success stories together with suggestions for their potential replication.

DOCUMENTATION OF SUCCESS STORIES AND SOLUTIONS

The objective is....

- to search, identify, compile, analyze, validate, based on specific criteria success stories/solution falling under the SWIM scope of work
- to disseminate widely the identified success stories
- to explore possible synergies with previous and on-going projects funded by the EC and/or other donors active in the region.

DOCUMENTATION OF SUCCESS STORIES AND SOLUTIONS

Pillars:

1. Non-conventional water
 - a. Wastewater reuse
 - b. Desalination
2. Water Financing, including the theme of private sector involvement
3. Local Governance
 - a. Water Users Associations (WUAs)

DOCUMENTATION OF SUCCESS STORIES AND SOLUTIONS

Approach:

- **Direct contact with relevant stakeholders**
- **Filling of a simple 2 pages sheet**

DOCUMENTATION OF SUCCESS STORIES AND SOLUTIONS

Potential Selection Criteria:

1. Adapting/implementing the IWRM framework, contributing to the implementation of the draft SWM and H2020
2. Creating jobs
3. Being low cost or highly cost effective
4. Adequately mature/tested
5. Relevant to SWIM PCs
6. Positive impact on beneficiaries
 - *Health*
 - *Environmental*

DOCUMENTATION OF SUCCESS STORIES AND SOLUTIONS

7. Integration of project outcomes into national policies;
8. Synergies with other initiatives
9. Engagement of beneficiaries
10. Inclusive of vulnerable groups
11. With high visibility

DOCUMENTATION OF SUCCESS STORIES AND SOLUTIONS

Suggested ideas:

1. **Low cost wastewater treatment technologies (conventional and natural) with reuse, and/or resource recovery.**
2. **Support to the production of crops irrigated with treated wastewater.**
3. **Successful policy option that has led to improved access to water and sanitation**

DOCUMENTATION OF SUCCESS STORIES AND SOLUTIONS

4. **Desalination technology using renewable energy with low environmental impact and job creation prospects**
5. **Sustainable full fledged WUA with positive impact on participatory water management and consequently on irrigation efficiency**
6. **Successful PPPs or other examples of private sector involvement in water infrastructure and the criteria for the success of the PPP is in its packaging or in improved performance, efficiency and quality of service.**
